

Lufthansa Seeheim

More than a Conference Hotel

Sustainable conference package

Package Bonhoeffer +

Sustainable conference package – *Package Bonhoeffer* +

Sustainable action at Lufthansa Seeheim:

- Rainwater retention basin for watering the park
- Geothermal energy plant that can supply up to 200 kW of heat or cold and whose energy requirement is only 25 percent of a conventional air-conditioning system
- Continuous energy monitoring to proof energy efficiency as well as the recording of heat and cold consumption
- Large area application of LED lamps to reduce power consumption
- Further reduction of the power consumption in the hotel and conference area by the creation of several lighting circuits and conversion to a usage-related circuit
- Use of high-insulation facade elements
- Regional suppliers with focus on seasonal products in the restaurant "Seeheim's eat & meet"
- illy coffee at our bars is UTZ certified
- Most of our teas are labeled with a bio-seal

Business travelers and event participants are not only demanding high standards of equipment and service, but also increasingly expect hotels to be managed sustainably and ecologically.

To meet these expectations, we are subject to regular checks by the Certified Green Hotel Association and thus ensure:

- ✓ A reduction in water and electricity consumption
- ✓ The avoidance of packaging waste
- ✓ Responsible action (CSR)

Sustainable conference package – *Package Bonhoeffer* +
